

Temporary suspension of sales for personalized Suica and PASMO cards

Due to a worldwide semiconductor shortage, we temporarily suspended sales of non-personalized Suica and PASMO cards from Thursday, June 8. We continue to work with card manufacturers to produce more cards, but the extent of production capacity moving forward remains unclear. Further, to ensure we have the stock required to issue commuter passes and reissue lost cards, we are suspending sales of personalized cards starting Wednesday, August 2.

We apologize for any inconvenience this causes to customers who wish to purchase personalized Suica or PASMO cards, and we appreciate your understanding and support.

1 Sales suspended:

Wednesday, August 2, 2023 – TBA

2 Newly suspended products:

New personalized Suica, Monorail Suica, Rinkai Suica and PASMO cards

* New non-personalized Suica and PASMO cards were suspended Thursday, June 8.

* New commuter passes, cards for children and disabled people and replacements for lost or damaged cards will continue to be available.

* See the supplement (separate sheet) for discontinued card styles.
